- *Environmentally Friendly*
- *Customizable*
- *Shock and Sound Absorbing*
- *FloorScore Certified*

Ultimate Tough Products

Available in rolls or tiles, Ultimate Tough is ideal for high-wear and high-impact spaces that require maximum subfloor protection. Home gyms, weight rooms, and basements all benefit from durable rubber tile. It is manufactured from post-consumer recycled rubber buffings with small percentages colored EPDM. Ultimate Tough is the recommended choice for high-traffic active spaces. It provides excellent high-impact durability and superior slip resistance in wet or dry conditions. Ultimate Tough also combines anti-fatigue and ergonomic comfort properties with very low maintenance. Containing up to 92% recycled content range and low VOC emissions, Ultimate Tough is widely regarded as the premier "green" resilient flooring choice. It is available in rolls and interlocking and square tiles, and comes in 7 standard colors in variable thicknesses. Custom colors are also available.

Maintenance & Floor Care

Maintenance and floor care depend on the desired appearance of the installed product and the type of equipment used to maintain the flooring. Use only Ultimate RB recommended cleaners, disinfectant, and neutral PH, non-petroleum products. Do not use harsh chemicals. For specific products recommended by Ultimate RB, visit www.UltimateRB.com

Warranty

Ultimate Tough Rolls and Tiles carry a 1-year limited lifetime warranty for defects in material and workmanship.
