For over 25 years, Ultimate RB has been the premier supplier to the equestrian community of recycled rubber horse stall matting and rolled rubber for use in horse trailers. Ultimate RB builds quality matting products that are known and trusted to provide excellent traction, durability, and comfort. With a broad range of standard sizes, expandable kit, and unlimited custom sizing capability, we can provide a product to meet any need.

## HORSE STALL MATS

Custom-formulated, high strength polyurethane binders, similar to those used in synthetic running tracks, are used in the construction of Tenderfoot Stall Mats. When they are combined with recycled tire crumb in our unique manufacturing process, an extremely durable material is produced. When you ask for Tenderfoot Stall Mats, you can be sure that the mats you take home will be high quality, environmentally friendly, and made in the USA. We stand fully behind each mat we produce with a 15 year limited warranty.
