- Used in commercial, residential, and other applications
- For laminate, ceramic tile, hardwood, and engineered wood flooring
- Superior noise reduction
- Crush proof
- Environmentally responsible
- Helps prevent mold and mildew
- Easy to install

A regular maintenance program is extremely important and will increase the life of the floor and finish. The frequency of cleaning will depend on the amount of traffic on the floor. For general cleaning, a neutral cleaner should be used.

- Adhesives
- Cleaners
- Sealer Remover
- Sealers
- Edges and Transition Strips
- Double-Sided Tape
Ultimate RB is a part of the Carlisle Construction Materials (CCM) family of companies. CCM is a diversified manufacturer and supplier of premium building products and related technologies for the commercial and residential construction markets. Every CCM company offers sustainable, eco-friendly products that help reduce a building’s carbon footprint and often minimize its energy consumption costs. CCM is dedicated to leading the industry in innovation by developing and manufacturing the most progressive and innovative materials on the market. To that end, CCM has constructed a new Research & Innovation Center on its Carlisle, PA, campus.

Carlisle Construction Materials is one of the largest consumers of EPDM in North America and has been in the rubber manufacturing business for over 100 years. CCM has been a recognized leader in the roofing industry, offering high-performance, single-ply roofing solutions that include EPDM, TPO, PVC, and FleeceBACK systems. CCM also offers a full line of architectural metal, polyiso insulation, expanded polystyrene insulation, and a host of steep-slope underlayments, duct sealants, adhesives, and hardware. CCM employs over 2,400 people and operates 38 plants in North America and 5 in Europe.

Ultimate RB has both East and West Coast facilities and is vertically integrated in polyurethane, colored EPDM, and crumb rubber. Therefore denoting Ultimate RB to be the only manufacturer with all of these technologies in-house. With full control over the production of materials used to make its products, Ultimate RB can offer quality control and reliability like no other. All Ultimate RB products are proudly made in the United States of America.
